Nuxt ▾   🔍 Search `CTRL` `K`

Example of the auto-imports feature in Nuxt with:

- Vue components in the `components/` directory are auto-imported and can be used directly in your templates.

- Vue composables in the `composables/` directory are auto-imported and can be used directly in your templates and JS/TS files.

- JS/TS variables and functions in thr `utils/` directory are auto-imported and can be used directly in your templates and JS/TS files.

👉 Read more in Docs > Guide > Directory Structure > Components.

👉 Read more in Docs > Guide > Directory Structure > Composables.

👉 Read more in Docs > Guide > Directory Structure > Utils.
